Ty and Buck – thanks for your email. I will discuss with Dan Wall when he returns to the office and we can chat about what makes sense for us to request from management.

Subject: Animas bug study?

Good morning Buck and Paula,

I wanted to introduce you two over email so that we may discuss the possibility of a joint bug study on the Animas.

Buck is the president of our local Trout Unlimited chapter and is spearheading the initiative for a bug study.

Paula is with EPA and engaged in the upper Animas draining mine problem.

Paula, I briefly advised Buck of our discussion in Silverton last week.

I'll let you two take it from there.

Keep me posted, and thanks!

Ty Churchwell
